

L.O. To understand how to use a protractor.

Layer 1 – Measure the angles

Ensure that you use the inner scale on the protractor.

Layer 2 – Spot the mistake.

Rosie is measuring an obtuse angle. What mistake has she made when using her protractor?

Layer 3 – Do you agree?

Elijah thinks the angle is 135° . Do you agree? Explain how you know.

My angle measures 135°

Greater Depth – Who is using the protractor correctly?

Explain how you know.

You do not need to be able to read the scale on the protractors to answer this question!

I have measured the angle correctly because my protractor is the right way round.

Teddy

Whitney

I have measured the angle correctly because my protractor is on the line accurately.
