

L.O. To describe the position of an object on a grid.

29.06.20

Layer 1 - Write the coordinates of the coloured dots.

● \_\_\_\_\_

● \_\_\_\_\_

● \_\_\_\_\_

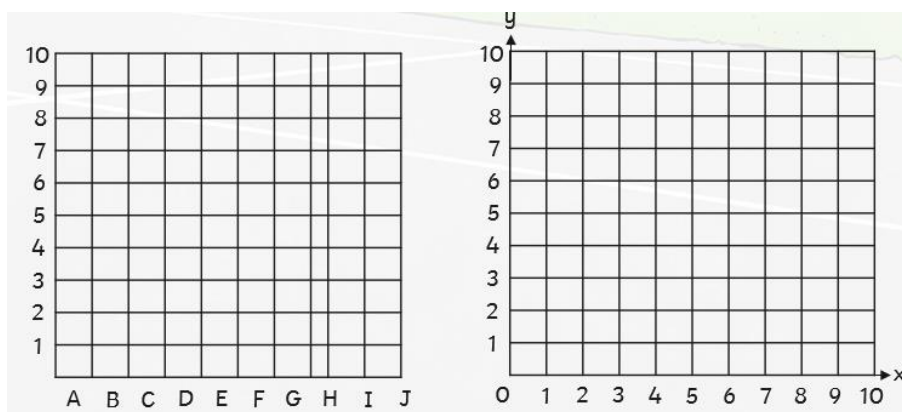

● \_\_\_\_\_

Layer 2 – Do you agree with Tobin? Explain why.

As long as you write two numbers when giving a coordinate, the order of them isn't important.

Layer 3 – What's the same? What's different? Do you think you can use these grids the same?

Greater Depth – Complete the NRICH challenge available at the link below.
